

CSCI-B555 Machine Learning

Assigned: Thursday 03/12/2015

Due: 04/30/2015 at 11:59pm through Oncourse

Class Project

Visit web site www.kaggle.com. Form a group of up to two students from the class and participate in any of the active or completed competitions you choose. Report in detail about your method, data pre- or post-processing steps and outcome of your participation. You are allowed to submit multiple predictions. The groups with more than a single person must describe in detail what each person did.

A typed report is to be submitted through Oncourse. All students from the same group must submit the same report.
